

Raul Carlo Pamintuan

Bachelor of Science and Computer Engineering

I'm Raul Carlo S. Pamintuan, a 4th-year Computer Engineering student determined to make a name in the field. With a solid foundation in Technology and Communication, I am eager to embrace challenges in technology and innovation that enhance quality of life and help shape the digital landscape. Alongside my technical skills, I bring extensive knowledge in leadership, guiding teams toward collaborative success and innovative outcomes. My impeccable communication skills enable me to convey complex ideas clearly, fostering teamwork and effective problem-solving.
